

FISA TEHNICA TOALETA ECOLOGICA

Descriere

Toaletele ecologice TOY ICC 01, sunt confectionate din polietilena de inalta densitate HDPE cu adaos de stabilizatori de caldura, ceea ce le confera rezistenta mecanica, la diferente mari de temperatura si UV .

Toaletele sunt prevazute cu grile de aerisire ce permit circulatia aerului fara a lasa patrunderea insectelor in cabina.

Datorita canelurilor speciale si greutatii reduse(numai 67 kg), toaletele TOY ICC 01 sunt usor de manevrat.

Usa este prevazuta cu arcuri ascunse ce asigura inchiderea automata si o incuietoare cu indicator.

Specificatii tehnice:

Greutate gol 67Kg

Capacitate rezervor 250 l aprox.

Dimensiuni (L/D/H) 100 x 100 x 225 cm

Accesorii toaleta ecologica:

- iluminat fotovoltaic cu senzor

Director Tehnic,
Ing. Viorel Filip

Inginer - Sef Proiecte,
Ing. George Popa

Intocmit,
Vintura Iana
